She is quick to show her gratitude for even the smallest gesture of kindness, and is equally as quick to forgive those who are not as considerate as she. Courtney is open-minded and listens to others opinions and ideas to help her determine her own, yet she can courageously stand up for what she believes in. ## **Charlie Feagins - 6V**

**Respectful and Responsible** are two words that can be used to describe this student's character for the month of November. This month, I've seen this student ask to stay after school for help with homework, because they wanted to make sure they had it completed on time and had it done correctly. I've also seen this student take time out of their math work time to assist a fellow classmate who just didn't quite understand how to solve the math problems. The respect they had for their classmate at this time really warmed my heart.
